                                                         )

This matter comes before the Public Service Commission of South Carolina ("Commission") on the Motion of CMC Steel South Carolina ("CMC") to amend the schedule for submittal of prefiled testimony in this Docket. CMC notes that South Carolina Electric & Gas Company ("SCE&G") is asking for broad discretionary authority in this Docket to select, modify, and change proposed Demand Side Management programs and incentives, and approval of SCE&G's Application may have far reaching implications for SCE&G's customers. CMC states that the intervenors in the case should be allowed adequate time to give serious consideration to all aspects of the proposal, including potential rates impacts.

After due consideration, we agree with CMC's reasoning, and hereby grant the Motion to amend the schedule for submittal of prefiled testimony in this Docket. Staff shall reschedule the due dates for prefiled direct testimony for all intervenors in this case, as well as the dates for the prefiling of rebuttal and surrebuttal testimony. Further, Staff

shall reschedule the hearing, which is currently set for October 1, 2009, consistent with the new dates for the prefiling of testimony.

With regard to a new hearing date, we initially propose (at the request of Staff) either October 27, 2009 or January 28, 2010. The parties are requested to contact Deputy Clerk Jocelyn Boyd in regard to their availability on these dates. However, Staff is free to consider and schedule other dates for the hearing if these are not available to the parties.

This Order shall remain in full force and effect until further order of the Commission.
